

MORTGAGE RENEWAL AGREEMENT

Borrower: Oscar Wasilik

Co-Borrower: Yi Zheng

Address: 36 Oxalis Cres Stittsville ON K2V0J6 Canada

We are pleased to offer you a **renewal package** for your mortgage maturing on December 15, 2025!

If you take no action your mortgage will be automatically renewed. The automatic renewal will be to our 6-Month Fixed Open Mortgage at our current rate and will reflect your current payment frequency. To make a change, we recommend the following steps:

- ❖ To select a new term, on the enclosed Renewal Agreement, refer to ***Current Rate Options*** section, and 1) choose the term you wish; 2) have all parties initial the block next to the selected term; 3) have all parties sign the last page of the Renewal Agreement. If you would like to select a term not specified in the below section, please refer to Alterna Savings website or call **1-877-560-0100** for our posted rates.
- ❖ Return one copy of the Renewal Agreement (10 pages) in the enclosed envelope or drop it off at any branch at least 4 business days prior to the maturity date.

There are two amendments to your mortgage outlined in this Renewal Agreement regarding your mortgage prepayment privileges.

1. The Interest Rate Differential prepayment charge calculation (page 5) will now be calculated using an updated formula as described below.
2. If your closed mortgage is paid out prior to maturity, Alterna Savings may impose a prepayment charge based on 100% of your outstanding principal balance, again as described below.

If you renew your mortgage, these amendments will apply effective as of the mortgage renewal date. Should you have any questions, please contact us at: 1-877-560-0100.

For assistance in completing your Renewal Agreement, contact your branch and one of our representatives will be happy to assist you in selecting the term and payment frequency that best fits your needs. If you are not currently protected with life or life and disability insurance on your mortgage, and you wish to learn more about this coverage, please contact your branch.

When renewing your mortgage, you may wish to consider your future needs and any desired changes to your budget or lifestyle. We can provide advice on how to customize your mortgage to fit those needs. You may also use the equity in your home to reduce your interest costs, by consolidating debt or borrowing for other purposes with a mortgage “re-advancement” or a secured line of credit. Let us know how we can help you meet all your credit requirements.

Thank you for continuing to choose Alterna Savings for your mortgage and banking needs.

MORTGAGE RENEWAL AGREEMENT

DETAILS OF YOUR CURRENT MORTGAGE

Projected Balance at Maturity: \$ 513,803.66 (provided all payments are made up to and including maturity date)

Remaining Amortization (in months):	<u>300</u>	Maturity Date:	<u>December 15, 2025</u>
Property:	<u>36 Oxalis Cres</u>	Term:	<u>60 months</u>
Brief Legal Description:	-	Principal & Interest Payment:	<u>\$ 1,267.10</u> <u>semimonthly</u>
Mortgage Type:	<u>5-Yr Fixed Rate</u> <u>Closed Mortgage</u>	Property Tax Payment:	<u>\$ 0</u>
Account No:	<u>479602 Sub 1</u>	Total Monthly Payment:	<u>\$ 2,535.12</u>
Interest Rate:	<u>1.7400 %</u>		

Your current mortgage features, except those specifically changed by this Agreement, will remain in effect.

COST OF BORROWING DISCLOSURE STATEMENT (the "Statement")

This cost of borrowing disclosure is based upon interest rates as at the date of this letter and on renewing your mortgage into our 6-month fixed rate open mortgage, with the revised prepayment privileges outlined on page 5 to 7 and payment frequency as your maturing mortgage.

Projected Balance at Next Maturity Date: \$ 510,508.68

(provided all payments are made up to and including the next maturity date)

Mortgage Type: <u>6-Month Fixed Rate Open Mortgage</u>	Term: <u>6 months</u>
Interest Rate: <u>8.2500%</u>	Principal & Interest Payment: <u>\$ 1,998.48</u>
Payment Frequency: <u>Semimonthly Commencing December-31-2025</u>	Property Tax Payment: <u>\$ 0†</u>
Remaining Amortization at Next Maturity Date: <u>234 months</u>	Total Monthly Payment: <u>\$ 4,333.44</u>

Rate Discount (if applicable): -0.2500%

Total Principal & Interest Payments for the Term: \$ 23,981.76

Total Cost of Borrowing for the Term: \$ 20,686.78

† Amounts paid by you for property taxes are held by Alterna Savings and paid from time to time to the municipality where the property is located on account of municipal taxes. Municipal taxes are your responsibility and you must

INITIALS: _____

MORTGAGE RENEWAL AGREEMENT

ensure Alterna Savings has received sufficient funds from you to cover those taxes. Your monthly property tax payment may change (and therefore your total monthly payment may change) if required to allow payment of municipal taxes by the due date.

CURRENT RATE OPTIONS: Should you wish to choose one of the options below, all parties must initial beside the chosen option and sign on the last page of the Renewal Agreement. A nonowner spouse must also indicate acceptance of this agreement by signing on the last page of the Renewal Agreement.

In all cases, your new semimonthly payment will commence December-31-2025. The various options are:

FIXED RATE MORTGAGES:

 Initial

INITIALS: _____

MORTGAGE RENEWAL AGREEMENT

- ❖ Please contact your branch before renewal date about any other changes you would like to make, such as:
 - Frequency of the payment, for example, from monthly to weekly
 - Reducing the amortization period, by increasing the payment
 - Reducing your principal by making a lump sum payment
 - Reducing the payments after a lump sum payment

- ❖ If you've requested changes to your mortgage renewal outside of what is presented under "Current Rate Options" above, we will send a revised renewal agreement for execution. This document will contain the term, payment amount, interest rate and cost of borrowing, and general terms and conditions for the requested changes.

- ❖ The amortization period for all options is as set out in the Details of your Current Mortgage as this sets out your amortization period upon renewal.

- ❖ A variable interest rate may be varied by Alterna Savings (within any statutory limits) by varying its prime rate at any time and the varied rate (which is available at all branches) shall forthwith become applicable until further varied.

- ❖ A variable rate of interest is calculated monthly, not in advance. This rate consists of Alterna Savings Prime Rate plus (or minus) a percentage premium (or discount). On the date of this statement Alterna Savings Prime Rate is 4.450 %. Equivalent semi-annual interest rates are show in Schedule "A".

- ❖ A variable interest rate will vary in the following manner, based on the following conditions: a variable interest rate will, on any day, be subject to Alterna Savings' Prime Rate, on that day for Canadian dollar loans made in Canada. A variable interest rate will change automatically, without notice, in accordance with the above formula, whenever the Alterna Savings' Prime Rate changes. Our prime rate is the annual rate of interest announced from time to time by us as a reference rate then in effect for determining interest rates on Canadian dollar commercial loans in Canada. Our prime rate is available in all of our branches. You agree that, if it is necessary for us to prove our prime rate, a written certificate from us setting forth our prime rate at any date shall be conclusive proof for that purpose.

MORTGAGE RENEWAL AGREEMENT Terms and Conditions

1. NEW TERM and PAYMENTS:

The new term will begin on the day after the Maturity Date and will mature on the New Maturity Date selected. You will pay the **Principal & Interest Payment** Total Payment indicated in this Mortgage Renewal Agreement or on each payment date during the new term. The balance of your mortgage will become due and payable on the New Maturity Date and must be repaid on that date unless we agree to renew your mortgage again. Each payment made shall be applied first to the accumulated cost of borrowing and then to the principal outstanding.

The cost of borrowing will not be increased after the Statement is given to the borrower and before the credit agreement is renewed.

The borrower's rights under the credit agreement continue, and the renewal does not take effect, until the day that is the later of the specified renewal date and the day that is 21 days after the borrower receives the Statement. You may consent to this renewal taking effect prior to the lapse of the 21 day period expressed above in writing, as permitted by law.

MORTGAGE RENEWAL AGREEMENT

2. DETERMINATION OF INTEREST FOR VARIABLE RATE MORTGAGES

You must pay interest at the Variable Interest Rate on your mortgage until the balance, accrued interest, fees and charges are repaid in full, both before and after maturity, default or judgement. There are no interest free grace periods.

We calculate interest for each payment period by multiplying the outstanding principal amount on each day by the daily Variable Interest Rate then in effect. The daily Variable Interest Rate is the Variable Interest Rate divided by the number of days in the year (365 or 366, as applicable). All the daily interest amounts for the days in the payment period are added together to determine the interest amount for the payment period.

The Variable Interest Rate will increase or decrease after a change in the Alterna Prime Rate.

Variable Regular Payments: The amount of the first regular payment corresponds to the amount indicated in the table above. This amount is calculated using the Amortization Period and the Variable Interest Rate in effect on the date of this agreement. After the first regular payment, the payment amount may increase or decrease depending on the fluctuations in the Alterna Prime Rate in order to ensure that the duration of the Amortization Period never changes. This means that when your Variable Interest Rate changes, your regular payment amount may also change. Any changes to your regular payment amount will take effect from the date which corresponds to the third regular payment date following the change in the Alterna Prime Rate.

3. PROMOTIONAL RATES

Promotional rates cannot be blended and extended, combined with any other offer or with previously quoted or written guaranteed rates.

4. PREPAYMENTS:

Fixed Rate Closed Mortgage: If the fixed-rate Mortgage is closed for prepayment (as selected above), then during each calendar year, when not in default, the Member may prepay up to **20%** of the original Principal (the “**Annual Prepayment Maximum**”) without notice or penalty, as follows:

- (i) by one or more prepayments of Principal; and/or
- (ii) by increasing the then monthly blended payment of Principal and interest to an amount not more than two (2) times the original monthly blended payment of Principal and interest.

If the aggregate of the above prepayments in any calendar year exceeds the Annual Prepayment Maximum but is less than the outstanding Principal, then ALTERNA SAVINGS may require, in its sole, absolute and unfettered discretion, before accepting such excess prepayment (the “**Excess Prepayment**”), an additional payment of the greater of (A) or (B) below,:

- (A) an amount equal to three (3) months’ interest on the Excess Prepayment; and
- (B) the Interest Rate Differential;

“**Interest Rate Differential**” means the difference between the amounts calculated in (1) and (2):

- (1) The value of all interest you would have paid on the Excess Prepayment from the date of prepayment until the maturity date (the “**Remaining Term**”) at your mortgage interest

Initial
DW

INITIALS: _____

Page 5 of 11

MORTGAGE RENEWAL AGREEMENT

rate, which may incorporate any discount you would have received on our posted mortgage interest rates, such discount defined as the “**Rate Discount**”.

- (2) The value of all interest that would be paid on the Excess Prepayment on the Remaining Term at the Current Interest Rate, less any applicable Rate Discount.

For the purposes of calculating the value in (2), the principal and interest payment amounts are calculated by using the Current Interest Rate. Current Interest Rate is defined as the applicable posted 6-month or yearly rate based on your Remaining Term at the time of prepayment as more particularly described in the chart below. See applicable Current Interest Rate based on the Remaining Term in the chart below. By way of example, if your Remaining Term is 36 months, your Current Interest Rate will be ALTERNA SAVING’S posted 3 year rate.

REMAINING TERM	CURRENT INTEREST RATE
0 months – 8 months	6-month rate
8 months and 1 day – 17 months	1-year rate
17 months and 1 day – 29 months	2-year rate
29 months and 1 day – 41 months	3-year rate
41 months and 1 day – 53 months	4-year rate
53 months and 1 day – 71 months	5-year rate
71 months and 1 day – 95 months	7-year rate
95 months and 1 day – 143 months	10-year rate

If you plan to prepay the outstanding Principal in any calendar year, including to renew, refinance or transfer the Mortgage, then ALTERNA SAVINGS may require, in its sole, absolute and unfettered discretion, before accepting such prepayment of the outstanding Principal, an additional payment of the greater of:

- i. an amount equal to **three (3) months'** interest on the outstanding Principal; and
- ii. the Interest Rate Differential.

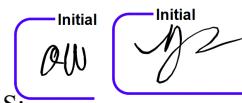

Interest Rate Differential, for the above, shall be amended to substitute “the outstanding Principal” for “the Excess Prepayment” throughout and shall otherwise be calculated as contemplated above.

If title to the Property shall be transferred without ALTERNA SAVINGS prior written approval, then ALTERNA SAVINGS may, in its sole, absolute and unfettered discretion, demand immediate repayment of the outstanding Principal, interest and related costs, together with an additional payment of the greater of:

- i. an amount equal to **three (3) months'** interest on the outstanding Principal; and
- ii. the Interest Rate Differential.

Interest Rate Differential, for the above, shall be amended to substitute “the outstanding Principal” for “the Excess Prepayment” throughout and shall otherwise be calculated as contemplated above.

If the term of the Mortgage exceeds five (5) years, then you may prepay the Principal at any time after the fifth (5th) anniversary upon payment of three (3) months' interest on the outstanding Principal.

Initial
DW

INITIALS: _____

MORTGAGE RENEWAL AGREEMENT

If you choose to prepay hereunder by increasing any monthly blended payment(s) of Principal and interest, then all subsequent blended payments will be for the increased amount unless you request otherwise.

Fixed Rate Open Mortgage: This mortgage may be prepaid in whole or in part without notice or bonus.

If you partially prepay your mortgage, the amount of your payments and your payment schedule will remain the same.

Variable Rate Closed Mortgage: A closed variable rate mortgage may be prepaid only: (a) throughout a calendar year, when not in default, to the extent of 20% of the original amount of the mortgage; (b) once a calendar year, when not in default, by increasing the monthly payment by 20% of the original monthly payment. If you plan to prepay the outstanding Principal in any calendar year, including selling of the property, or to renew, refinance, or transfer the mortgage, then ALTERNA SAVINGS may, in its sole, absolute and unfettered discretion, before accepting such prepayment of the outstanding Principal, apply a penalty of 3 months' interest on the Principal amount. You cannot then make the prepayment in (a) and the penalty shall be calculated on the full principal sum then outstanding. If the aggregate of the above prepayments in any calendar year exceeds the Annual Prepayment Maximum but is less than the outstanding Principal, then ALTERNA SAVINGS may require in its sole, absolute and unfettered discretion, before accepting such excess prepayment (the "Excess Prepayment"), and additional payment of 3 months' interest on the Excess Prepayment.

A prepayment shall not release the Borrower from its obligation to continue making the payments specified herein.

5. PENALTY OR CHARGE ON DEFAULT: The borrower(s), on default, is(are) liable to pay all costs, including legal costs, incurred by Alterna Savings in collecting or attempting to collect a payment or in protecting or realizing upon security, plus interest thereon at the mortgage rate.

6. DISCHARGE ADMINISTRATION and OTHER FEES: There will be a fee when Alterna Savings releases the property subject to the mortgage for preparation and signing of the discharge. That fee changes from time to time but is currently \$430.00. We also charge a fee to assign your mortgage to another lender. This fee also changes from time to time but is currently \$430.00. If any financial institution, including Alterna Savings, returns the cheque or refuses the pre-authorized payment you used to make a mortgage payment, we will charge an "NSF FEE". This "NSF FEE" changes from time to time, but is currently \$50.00 and will include situations where: 1) you don't have sufficient cleared funds available in your account; or 2) you closed your account; or 3) you stopped payment of a cheque you used to make a mortgage payment.

7. CASH BACK: We may have paid you a sum of money at the time you renewed your mortgage with us. This amount is referred to as a cash back. If you prepay the full amount of your mortgage before the end of the term, or if prior to the expiry of the term, the interest rate is amended at your request, you must repay to Alterna Savings the amount of the cash back received. The repayment will be pro-rated based on the remaining length of the mortgage term.

8. INSURANCE: Creditor insurance is available on mortgages, but it is optional and it may be cancelled by you at any time. To cancel your insurance coverage, you must provide us with a written request executed by all borrowers (including coborrowers / guarantors). In the event you choose to cancel your insurance, your final premium will be adjusted to reflect insurance costs up to and including the date we receive your cancellation.

9. POSTED RATE: Our posted rate is the annual interest rates applicable to a fixed or variable rate residential mortgage loan. The rate is subject to change and are available at any of our branches.

INITIALS: _____ Page 7 of 11

MORTGAGE RENEWAL AGREEMENT

10. STATUTORY RIGHT OF PREPAYMENT: The Interest Act and certain provincial legislation permit the prepayment of mortgages with 3 months further interest once 5 years have elapsed from the date of the mortgage. For the purpose of this statutory right of prepayment only, the date of the mortgage will be the Maturity Date indicated in this Mortgage Renewal Agreement.

11. PROPERTY TAXES: The following clauses respecting tax accounts apply only if you have chosen to have such an account with Alterna Savings. All other charges are governed only by the provisions respecting taxes contained in the mortgage document as it may have been amended to date. If you have such an account you have already received a letter from us explaining the changes to the account. These clauses will carry out those changes on your renewed mortgage.

I/We request that Alterna Savings and Credit Union Limited ("Alterna Savings") administer the payment of property taxes for this property as set out in this renewal and that the monthly contributions and any lump sum adjustment be held by Alterna Savings and not be applied to principal money or interest secured by the Charge (except to the extent required to meet regular instalments of principal and interest). I/We authorize Alterna Savings to debit that additional amount from the savings and/or chequing accounts of the undersigned. While Alterna Savings is holding such amount(s), Alterna Savings shall calculate interest on the Charge as if the principal sum outstanding on the Charge were the actual principal sum less the amount(s) held. I/We acknowledge that Alterna Savings is required to provide the mortgage number to the municipality in which the property is located when administering the property tax service in order to ensure smooth and orderly payment of taxes. The municipality may include this mortgage number on the undersigned's tax bills.

Prior to the instalment due date, funds will be debited from the tax account and forwarded to the appropriate tax office as per the above instructions.

I/We acknowledge that neither these clauses nor the acceptance of the monthly amounts by Alterna Savings: (a) alters or amends the obligations of the undersigned, pursuant to the Standard Charge Terms referred to in the Charge, with respect to taxes or; (b) imposes any obligation on Alterna Savings respecting those taxes or the application of the monthly contributions and any lump sum adjustment to those taxes.

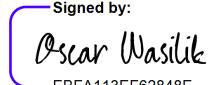

I/We acknowledge all terms and conditions of the Charge (including any prior amendments of the Charge) remain in full force and effect, unamended by these clauses. **In particular the undersigned I am/we are aware that it continues to be my/our obligation to make all tax payments to the municipality and to verify that these have been received and properly applied by the municipality.**

The provisions of your mortgage document will apply. Any previous Property Tax Agreement will not apply to this renewal.

I/We accept this offer of renewal and agree to the preceding terms and conditions and agree that our mortgage is amended to include the terms and conditions of the Mortgage Renewal Agreement.

MORTGAGE RENEWAL AGREEMENT

SCHEDULE "A"

This Schedule is only relevant to variable rates of interest and sets out a table of equivalent interest rates. The equivalent interest rates are provided for disclosure purposes only and do not affect the calculation of interest under a variable rate loan. The following table sets out interest rates calculated semi-annually, not in advance, which are equivalent to interest rates calculated monthly not in advance. You may determine the equivalent rate by locating the rate of interest payable applicable to you in the column headed "Interest Rate Calculated Monthly Not in Advance (%)" and comparing that rate of interest to the rate of interest indicated in the column immediately to the right of such rate of interest entitled "Equivalent Interest Rate Calculated Semi-Annually Not in Advance (%)".

EQUIVALENT RATES TABLE

Interest Rate Calculated Monthly Not In Advance (%)	Equivalent Interest Rate Calculated Semi-Annually Not In Advance (%)	Interest Rate Calculated Monthly Not In Advance (%)	Equivalent Interest Rate Calculated Semi-Annually Not In Advance (%)
